

BANTOO

2022

Bantoo is a unique 360-degree solution bringing together social media and communication tools with holistic entertainment, including VOD, video sharing, music streaming and content sales as well as new payment solutions and premier e-commerce sites.

BACKGROUND

Europe and Africa do not have a global holistic social media or entertainment platform such as Facebook, Instagram, Twitter, TikTok, Telegram, Signal, WeChat, VKontakt, nor a global streaming platform comparable to Netflix, Disney Plus, Amazon and even less, a global site for e-commerce at the level of Amazon, Ebay, AliExpress, Walmart etc.

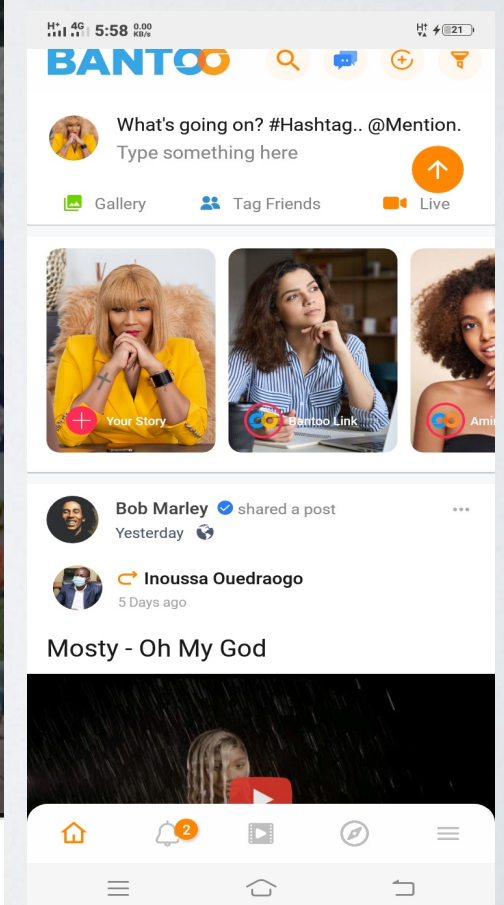

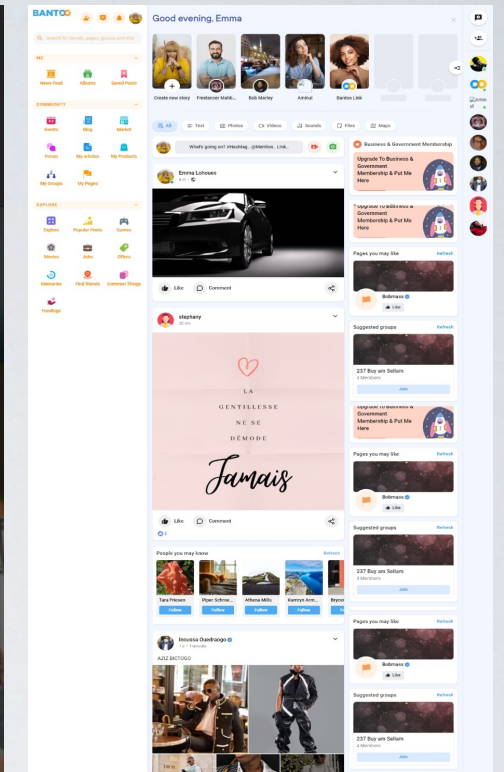

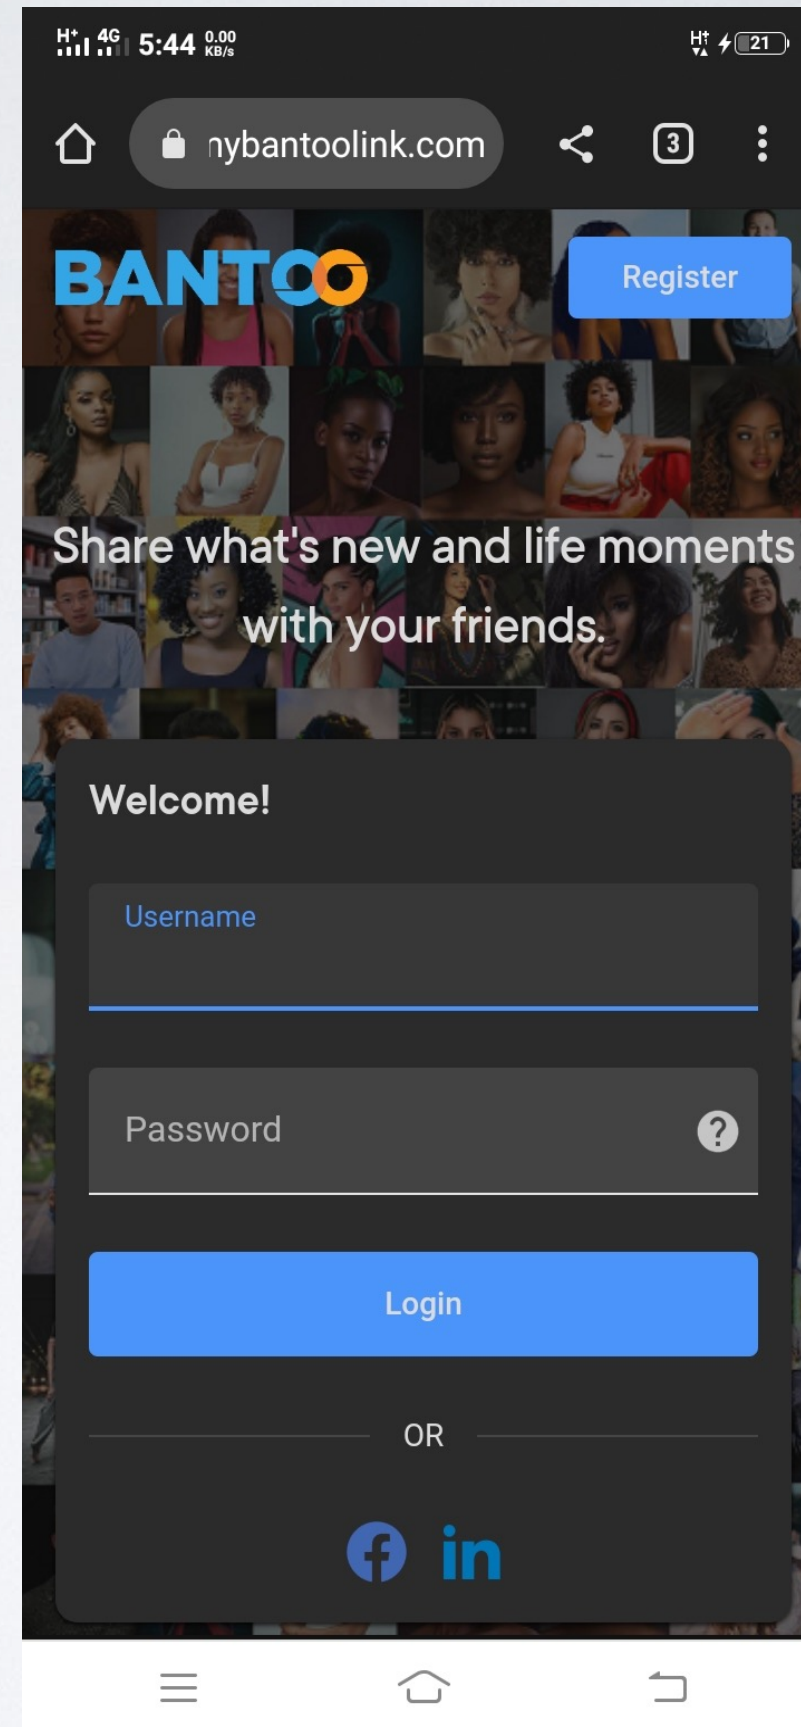

The new Bantoo SOLUTION combines communication tools with entertainment and e-commerce in one single ecosystem within the framework of a circular economy, thanks to a payment solution adapted to both Western payment systems and the expanding African market.

SOCIAL MEDIA

The social media platform enables users to interchange with friends, family and business partners :

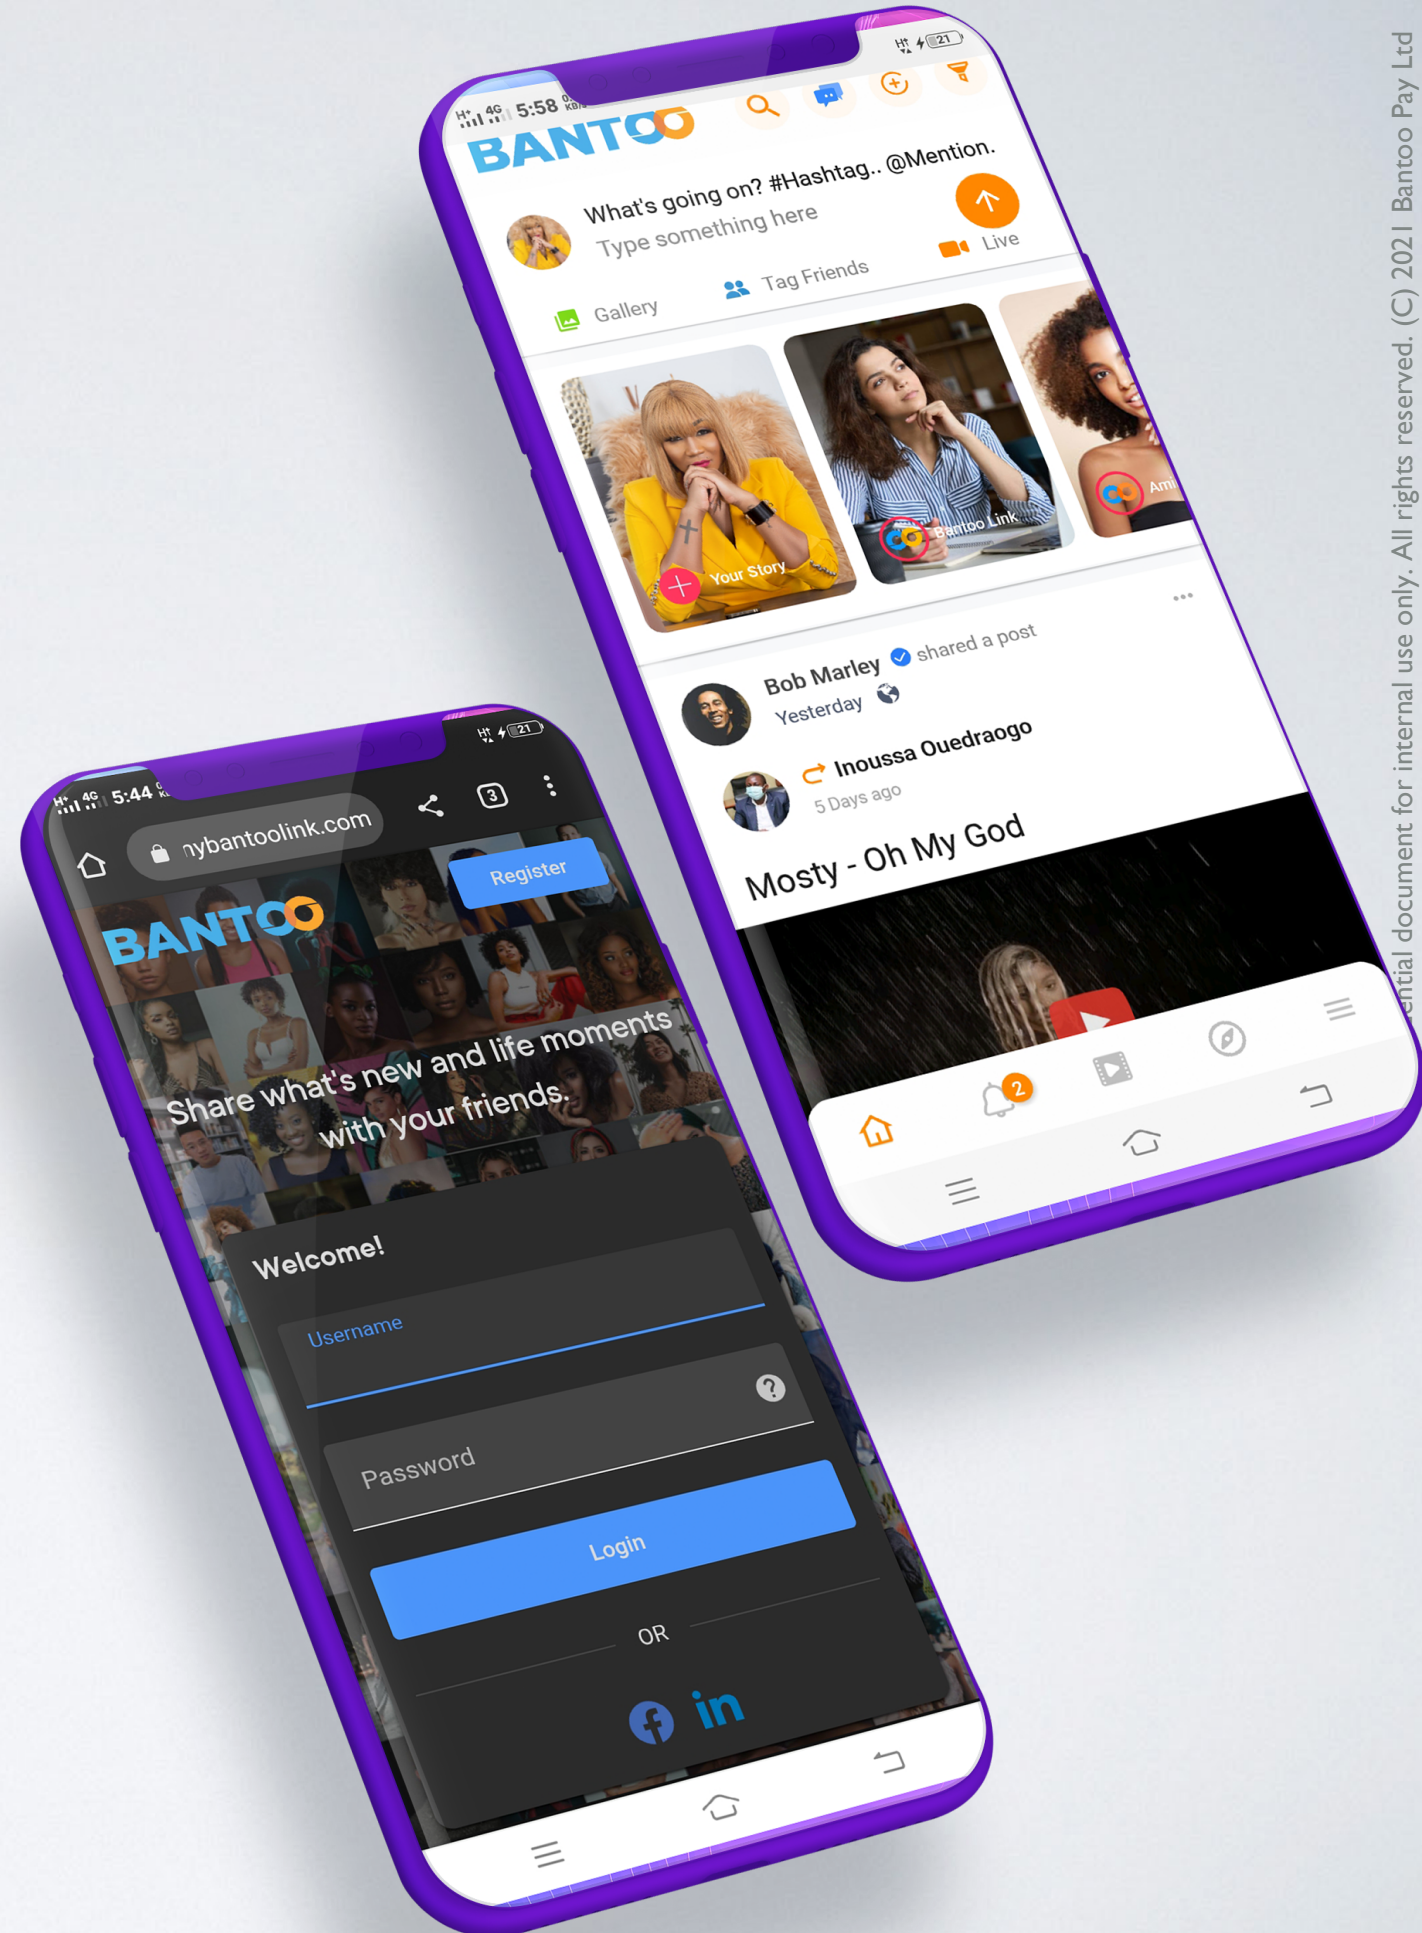

- **PROFILE** : Create a profile for private & professional purposes.
 - **TIME LINE** : Post stories, share information and media content.
 - **MESSENGER APP** : Integrated communication app allowing users to make free voice and video calls and send messages.
 - **STICKERS, EMOJIS, THEMES** : Share feelings and have fun with stickers and emojis or wrap the app with colorful themes.
 - **WALLET** : Pay, send money or receive funds directly in your integrated wallet or, benefit from a range of different financial services.
 - **ADDITIONAL FEATURES** : Users easily access various services, information, video games and entertainment.
- It opens up to an entire world of Bantoo solutions to enjoy entertainment, facilitate everyday life and for empower business.
